Notes to Assessor/Advisor:

This form is intended to be used as a means of keeping a record of events occurring during an observation of a referee or assistant referee. *Use of the field diagram is optional.*

The observation should be a learning experience for the person(s) being observed and must provide positive feedback and guidance which will aid in improving their performance and increasing their enjoyment while refereeing.

If the referee being observed is a candidate for upgrade to the Intermediate Referee level, forward a copy of this form to your Regional Referee Administrator or Regional Director of Referee Assessment for further action.

It is extremely important that this be a positive experience for everyone involved. *Please be relaxed and informal*.
